

EZ Wipes™

Aquasol
CORPORATION

Multi-Purpose Saturated Cleaning Wipes

For Weld & Shop Environments

With EZ Wipes™ it's...

EZ to Be Contaminant Free

- **EZ Wipes™** are multi-purpose, saturated, abrasive cleaning wipes that remove oil, dirt, grease, marker, inks, lubricants, loose particles and other contaminants from a variety of surfaces.
- **EZ Wipes™** are ideal for cleaning industrial work surfaces, tools, machinery and especially pipes, where contamination can severely impact the quality of the weld.
- **EZ Wipes™** feature a specialized two-sided cleaning fabric, an abrasive side to loosen dried on surface contaminants and a smooth side to reveal a cleaner, polished surface.
- After removing slag with a wire brush, use **EZ Wipes™** to ensure all impurities are removed from pipe surfaces.

EZ to Use

- **EZ Wipes™** unique, eco-friendly formula contains Limonene, a natural solvent.
- **EZ Wipes™** provide a one step controlled application with maximum cleaning power.
- More convenient to use than solution and rags, pre-saturated **EZ Wipes™** make cleaning nearly effortless; simply pull the wipe from the canister and start cleaning!
- **EZ Wipes™** are available in two convenient sizes. **EZ Wipes™ Toolbox** contain 30 wipes in a handy, portable canister, perfect for carrying to the job site. **EZ Wipes™ Fab Shop** contain 70 wipes, an economy size for permanent work bench settings.

EZ to Save

- **EZ Wipes™** provide a quick, convenient and effective method to clean almost any surface.
- With **EZ Wipes™** there is no need to buy multiple cleaning products. Save money and space on inventory!
- **EZ Wipes™** allow welders to reduce time spent on cleaning pipe surfaces and increase time spent on welding!

EZ Wipes™
